

HAFAN — My Life

*It's been 21 years
Since I opened my door
Giving shelter to people
And a whole lot more*

*I'm caring, I'm warm
I'm safe, I'm your home
And when you're with me
You're never alone*

*So here's for another
21 years
Supporting young people
And drying their tears*

*I'm a hostel, a haven
Even heaven to some
When there is nowhere
It's to me they come*

*I'll carry on helping
Through trouble and strife
Every young person
From all walks of life*

*I'd like to thank you
To everyone I know
For making me HAFAN
The 'in' place to go*
